## ONE MARK NOTE IS RECEIVED FROM GERMANY

Sgt. M. E. Schirmer, somewhere in Germany sends a one Mark note of the Allied Military Government currency now in use in Germany. From other sources we are told, but do not confirm the statement, that the Mark is valued at 10 cents American money.

The 1 Mark note is approximately 2 1/2 inches high by 3 inches wide or long. There is also a 1/2 and a 5 Mark note of the same size. The 10 mark is said to be of the same height but approximately 6 inches long, while the 20, 50 and 100 mark notes are of the same height as the other notes, but approximately 8 1/2 to 9 inches in length.

## Philatelic Foundation An Assured Success; Details Of Organization

THE PHILATELIC FOUNDATION, recently chartered by the New York State Board of Regents, announces that Winthrop S. Boggs has been engaged to act as Director and Executive Secretary of the organization. His headquarters will be a room at the Collectors Club, 22 East 35th Street, New York, N. Y., which has been leased for the purpose, and any communications regarding the work of THE PHILATELIC FOUNDATION can be addressed to him there.

As was previously announced, the first objective of THE PHILATELIC FOUNDATION is to organize an Expert Committee to pass on the authenticity and genuineness of stamps. With this idea in mind, files of reference material are being gathered and properly classified, and the cooperation of experts throughout the world is being solicited. It is believed that announcement of the governing Board of Experts can be made within a short time and

## Fade Away And Ghost Printings Found In Full Sheets Of Martha Washington One And One Half Cent Presidentials

A find of two full sheets of the one and one-half cent Martha Washington Presidential stamps which should have been thrown in the discard brings up a question concerning how such stamps should be recognized since in one of the sheets the top portion of the sheet is printed in the usual manner and as is shown by the larger illustration at the left, which pictures the bottom block of ten from the sheet, the top block of four is an almost perfect print and the two center stamps begin to fade away until as we come to the bottom block where the stamps are almost without ink and show a very faint color and but a slight trace of the entire design.

## First Day Covers Show Sharp Price Advances In New 1945 Catalog

Through the courtesy of Mr. Leo August of the Washington Stamp Exchange of 43 William Street, Newark 2, N. J., we have advance pages of the new 1945 "United States Specialized Catalog of First Day Covers".

This catalog holds the same place in First Day Cover collecting as is attributed to the Scott Specialized Catalog of U. S. stamps for collectors of United States Stamps. The edition this year is of 48 pages and cover.

Like postage stamps, prices are advancing and in some instances the advance has been very large. We particularly note the popular Famous Americans series which show advances in all values with the greatest advance in the much sought for 10c values. Prices on these range from \$1.00 for the cheapest one to as high as \$1.75 for the scarce Bell stamp.

In the Flag series we find the Chicago Poland and the Washington Poland both quoted at 75c. The Chicago is much the scarcer. The Czech stamp at 60c and all the others at 50c each, blocks are

### FRANKLIN D. ROOSEVELT SERIES

4 stamps—4 engravings

No greater homage can be bestowed by the American people upon one of its great, than to inscribe his memory on its postage stamps.

President Roosevelt was a man of action and versatility, yet humble to his fellow Americans; to crystalize his personality or focus his greatness with anything less than actual scenes taken from life would fall far short of doing justice to his profound character.

ARTCRAFT ENGRAVINGS because of their ability to reproduce with exactness and infinite beauty the living expressions of distinguished personalities is deeply honored in its contribution to this demonstration of gratitude for the man who gave so much to so many.

Only original, authentic photographs limited only because of the number of stamps to be issued were used to prepare the ARTCRAFT ENGRAVINGS for this Series. A fitting memorial for collectors who would make their collections a shrine for the man who made philately a life-long hobby.

in proportion. The more notable changes in other issues are small advances in the more recent issues, while many of the older ones show no change.

The Zeppelin set for singles changes from \$15, \$23 and \$30 to \$20, \$30 and \$50, which should make holders feel much more pleased with such covers.

Where the information is available the catalog shows the number of covers issued of the various stamps. Illustrations of first day cancels are also shown.

FIRST DAY COVERS SHOW  
SHARP PRICE ADVANCES

(Continued from page 1)

that they will begin to function in September. In addition to the experts on the committee there will be consulting experts throughout the world whose opinions will be sought on difficult questions. This is in line with the policy adopted by most other expert organizations, including the Royal Philatelic Society of London. It is expected that this expertizing service can be made self-supporting but sufficient funds have been allocated to carry it along until the volume of stamps makes this possible.

The announcement that THE PHILATELIC FOUNDATION would be in a position to act as advisor in the disposition of philatelic estates has aroused some discussion on the part of dealers who felt that this might infringe on their own prerogatives. Such is not the intention of THE PHILATELIC FOUNDATION, however, for they will handle no property of any kind and their activities will be purely in an advisory capacity. The actual disposition of any of the property will be left to the usual trade channels.

At a meeting of the Trustees of THE PHILATELIC FOUNDATION, held at the University Club on Monday, May 14, 1945, a constitution and by-laws was adopted which provides for four classes of membership as follows:

Founders—consisting of persons who, prior to March 16, 1946, shall subscribe \$1000 to THE PHILATELIC FOUNDATION.

Life Members—composed of persons who shall pay \$500 to THE PHILATELIC FOUNDATION in a single sum.

Sustaining Members—consisting of those who agree to contribute \$50 per annum.

Subscribing Members—consisting of those who will pay \$5 per annum.

All of these fees will be deductible from income tax. Already over \$15,000 in cash has been contributed, in addition to pledges amounting to much more than this. This insures a proper financing of the Expert Committee, and other activities to be undertaken as funds become available and experience shows are desirable.

The Collectors Club and THE PHILATELIC FOUNDATION have entered into a mutually helpful arrangement whereby the library and facilities of the club will be available to THE FOUNDATION.

It is hoped that similar reciprocal agreements can be entered into with other philatelic organiza-

tions as it is the desire of THE PHILATELIC FOUNDATION to cooperate fully with all such organizations and assist them wherever possible. There will be no overlapping of work already being satisfactorily done and no conflict with any present organization. A brochure setting forth the plans of THE PHILATELIC FOUNDATION is now being prepared and will be sent free upon request to anyone interested, when ready.

## Now Its A Set.

The much discussed Mourning stamp now turns out to be a set of four values. One cannot say that this was unexpected, but it was the third or place choice of many of the second guessers. First of course was a stamp similar to the Black Harding of the Twenties. Next was the two stamp set a 3c for Domestic mail, a 5c for Foreign mail, which personally I thought a good idea, and lastly was of course a set which seems now to be a fact. This of course will take care of everybody in more ways than one. Speaking from a Philatelic Precancel inclined view point I am in a way glad it will be that way. Because no stamp can enjoy precancel exploitation unless it is widely distributed throughout the different offices. There will, unless precedent has been entirely discarded, enough to go round but there will be a lot of places (Post Offices) that will not get all the set. If the issue had been a single or two stamp set we could have expected plenty but as it is we can hardly believe that it will be, as far as a precancel collectors are concerned, a "Craze". On the other hand it will be a big surprise and disappointment if collectors are not interested in the set a little bit more than somewhat, I think we got a break although it might not

## Flat Rock, Ohio

Flat Rock is a very little village in the North-east corner of Seneca county. Population about 200 no industries or the like but an Evangelical Church orphanage had use for precancelled mail thus the precancels. Just why the department never issued the office a regulation metal hand electro is not known at present.

The device used is a one subject rubber handstamp similar to U-71 and we are informed that the P. M. can use the thing with great dexterity.

## Stamp News From The Pan American Union

Collectors who are patrons of the Pan American Union, Philatelic Section, Washington 6, D. C. will be interested to learn of the new stamps now available through this source. Other news of interest is also included in a Press Release just at hand.

**Colombian Air Mails**  
The air mail stamps of Colombia hold a unique position in the Philatelic world. Prior to World War II the air mail service was handled by a German firm known as the Scadta. After its property was taken over by the government of Colombia, following the Colombian declaration of war against Germany, a new public service organization was created, known as the Avianca. Its stock is owned jointly by the Colombian Government and Pan American Airways, and it operates under virtually the same contract as formerly governed the German firm. As a result Avianca issues and sells the air mail stamps of Colombia.

An arrangement has recently been entered into between Avianca and the Pan American Union under the terms of a special presidential decree of the government, whereby Colombian air mail stamps will be available to stamp collectors and dealers through the Philatelic section of the union. To inaugurate this expansion of its service an allotment of the current issue of Colombian air mails (first released in 1941) has been received by the Philatelic section. The stamps are now available at face value, or as near as conversion of Colombian currency into U.S. will permit. A full set consists of 13 values from the 3c. through the 5.00p.

The stamps just received from Bogota are from a new stock manufactured by the American Bank Note Company of New York. They are as nearly identical with the original printing as it has been mechanically possible to produce them.

At present the stock list of the philatelic section shows more than 175 different varieties of Latin American postage stamps available at face. No older issues are listed. Frequent changes take place in the list due to exhaustion of stocks and additions of new items. Patrons are therefore cautioned not to order specific stamps before obtaining a current stock list which will be sent on request accompanied by return postage—Address: Philatelic section, Pan American Union, Washington 6, D. C.

**Who's Who On The Postage Stamps Of The Dominican Republic**  
A new section of the philatelic who's who series is ready for release, bearing the caption "who's who on the postage stamps of the dominican republic." The new volume, corresponding to previous national sections of the series, contains a forward by the late Ambassador of the republic, His Excellency Senor Don Anselmo Copello, illustrations of all of the portrait stamps, an historical resume, and individual biographies of all of the illustrious men and made and it is hopefully anticipated that future national sections will be released in more stamps of the Dominican republic.

Considerable delay in the publication of this series has resulted from the difficulty of obtaining capable help the necessary research involved, a major portion of which must be done in Spanish

The sections now available cover Argentina, Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba and the Dominican Republic and are priced at 10c each.

**ARGENTINA**  
The recent addition of Argentine current issues proved somewhat of a surprise to veterans of the Philatelic Section of the Pan American Union. It was anticipated that the first supplies received from Buenos Aires would last for at least six months. Instead, several of the issues were wholly depleted in two months and it has already been necessary to call for replenishments of all the others. One of the interesting facts which developed from an analysis of sales is the consistency of orders for the high values of these current issues which have been in circulation since 1942. All of the denominations, from the one peso up, are momentarily out of stock. Additional supplies, however, will be received before long. At present there are more than 25 Argentine stamps available at the Philatelic Section.

## BRITISH VICTORY CANCEL

From the Windsor Stamp Company, Uckfield, Sussex, England we have word that no special Victory or V day stamps were issued in Great Britain but that a special cancellation was used in some cities. The cover at hand is dated May 10, which they state is first day of use of the cancel and from that remark we presume that the cancel was to be used for a period of time.

This cancel has a large black faced letter "V" at top center with two bells below the V and with wavy lines, both solid and of dashes, running both right and left from the bells.

## A BOOMING STAMP MARKET

That there has been an upward trend in the stamp market for the past three years is beyond question. Some of this higher price market is due to the age old reason of more ready money in the pockets of collectors. Other causes are many and varied and affect

Geo. W. Linn

Money becomes more tight.

Much of the present market is also an investor market for the wise and experienced collector learned in the past that stamps of the right kind are a far better investment than any of the gilt edged stocks. This investor market is bad for the stamp trade. It is made up of those who can well afford to put the stamp away and hold them until they can be turned at a profit, and that means counting interest on their investment.

Then there are the boys who put an extra few dollars in a few full sheets, Agency stock, and hope to sell at double face in a year or two. It is the material from this source that keeps the dealer supplied for several years after the stamp is sold out, for these are the boys who come to the conclusion that the stamps are not advancing fast enough and they take them in and cash them for what they can get for them, sometimes even less than face.

There have been many such stamps in past years and then there have been some that in recent years have been climbing so fast that all the boys are dizzy and they fail to consider the reasons and for this lack of thought they may jump in again, and again find that they have picked off the wrong item.

Take the Famous Americans for example. This set of sheets run just around an even \$100 for the set at the Postoffice. Few could afford a complete set and that is the reason for the rapid advance in this series. That of course coupled with the comparatively short issue.

Then along come those Flag stamps. We all should be familiar with what has happened with this issue and your Editor is one who has felt from the start that the entire set would be selling at double face at wholesale before a couple years from date of issue. There is bound to be a strong market for these abroad which has not been satisfied and can not be satisfied until trade is open in the usual manner. Just how high these will go is anybody's guess, but the top is not yet in sight.

As a result of these advances in the flag stamps, the unthinking collector has jumped on the new 5c Conference stamp. Had the issue been held to the 25 million originally announced, the boys would be in good shape, but the first thing we hear is that it is increased to 40 million and later to 70 million. With such an issue, any appreciation in value is going to be so far off that the dealers can again feel sure that there will be plenty of these cashed in by the collector who got tired holding them.

One example of the present market comes to us in a letter from a Texas dealer who used a two inch adv. space in our columns to offer some Korea sheets and pieces. A letter just at hand tells us that he had orders for \$740.00 worth of the stamps from that single advt. within three weeks after it was printed. Surely, this shows the great demand for the Flag stamps and especially the Korea which was so badly handled at Washington.

It is things like that that help to make an uncertain market in stamps for too many are inclined to look upon all issues with the same thought of high and higher prices. We are going to have a break down with some of the material within a reasonable time. All of it can not continue to advance. Collectors who rush in and pay any high price for anything they want are going to find that they have let the market get the best of them, in some of the issues. It is the bloom stuff that has jacked up the entire market and this material is certain to reach its peak someday and thereafter, other material will settle back to a sane price.

Even then, the superb, choice material will hold up well, it is going to be the slightly off quality stuff for which excessive prices are being asked that will suffer most, for there are not going to be enough people to absorb that kind of material once the market is shook down and money becomes tighter so that a lot of the buyers will again be sellers.

Today, the biggest problem the dealer has is to find a good collection to buy. That will change some day and the dealer will have his choice of many collections and it will be only those with quality material that will be in big demand at top prices.

## AIR MAIL COVERS

SAMUEL S. GOLDSTICKER, JR. (Dept. Ed.)  
453 Mt. Prospect Avenue Newark 4, N. J.

The Civil Aeronautics Board recently approved a new route from Hobbs, New Mexico (and El Paso, Texas) to Tulsa, Oklahoma; via Lubbock, Texas; Wichita Falls, Texas, and Oklahoma. This route will be operated by Continental Airlines, Inc., and I assume it will be an extension of AM-29. Off-hand, I'd say that service will not begin over this extension prior to July 1st, but this is only a prediction on my part.

Service on the Pittsburgh-New York City extension of AM-55, which was originally scheduled for June 1st, has been postponed and will take place on Monday, July 2nd.

I finally received the official reports on the recent flights, and in keeping with my original plans of discussing one of these flights each week, here is the write-up of the first of these, the inauguration of AM-65 between New York City and Boston, and operated by Northeast Airlines, Inc.

This flight took place on May 1st, and was between the two terminal points, with service to all intermediate points deferred. Flights left both New York and Boston at 8:00 AM., with the first Boston-New York plane piloted by Milton H. Anderson and Robert Francis, and the first northbound flight by S. A. Short and P. Green.

An attractive unofficial cachet was applied to covers at all points—in red at New York GPO, New York AMF, and Boston GPO; and in black at the Boston AMF. This cachet consists of the words FIRST FLIGHT BOSTON \* NEW YORK at the top, under which are the skylines of the two cities with a plane in between them. Under this is the Northeast insigna and the words "The Wings of New England". A heavy rectangular border surrounds the entire design.

Covers are postmarked: New York City P. O. 5-AM; New York City AMF 7:30 AM; Boston (South Postal Annex) 7-AM; Boston AMF 7-30 AM. General Delivery Backstamps are New York-Gen. Del., Church St. Annex, May 1st; Boston-May 1st 12-M.

Quantities of covers are New York P. O. (199); New York AMF (461; Boston P. O. (159); Boston AMF (104). So, although

A CORRECTION—On page 2 of the May 10th issue, it was mentioned that the Thunderbolt Trophy of the "Airpex" was won by Eugene Kaufmann of the Brooklyn, which was in error. This trophy was won by Gerhardt Kaufmann of the Bronx, N. Y. Mr. Kaufmann's collection of "Crash" Covers is considered to be one of the finest of its type in the country, and has been on display on many occasions, the latest being at a meeting of the Essex Stamp Club in Newark. Mr. Kaufmann is the Founder and Past-President of the Metropolitan Airmail Cover Club, and a member of the American Airmail Society.

**TECHNICAL REPORT**  
**BOLIVIA AIR MAIL, 1928**

The stamps listed by Scott as Nos. C8-10 were not issued by the Bolivian government but by the company which operated the air mail service, namely, the Lloyd Aereo Boliviano. The Sanabria catalogue lists them correctly as having been issued by the operating company under a contractual relationship. The stamps appropriately bear the initials "LAB".

Before these stamps were issued the government paid the Lloyd Aereo Boliviano a flat fee for its service. But on April 20, 1928 a new contract was executed under the terms of which the carrier was given as compensation the full amount of the air mail fees paid by the public and these were to be represented by special stamps. On May 29, 1928 the government formally granted permission to the LAB to have stamps printed for the collection of its fees; and on July 9th it authorized the company to place the stamps in use. The Sanabria catalogue states that the stamps were placed on sale on June 13, 1928 but this date is obviously incorrect.

The LAB stamps were in 1930 overprinted with a "Z" for use on Zeppelin mail, also by permission of the government (Scott Nos. C24-26).

Since these stamps were issued by a private company and not by a government they should not have been listed in the Scott catalogue. It is the policy of this publication to list only stamps issued by governments. For this reason such stamps as those issued by Condor in Brazil and SCADTA in Colombia are not listed. But it is now inconvenient to delete these Bolivian items because spaces have been provided for them in the printed albums and they have been sold to collectors as governmental stamps.

Of course, the same applies to

**Honduras Nos. CI-13** which were not issued by the government of Honduras but a Dr. T. C. Pounds under a tentative air mail contract. The status of these items is now truthfully shown by the Sanabria catalogue and the publishers of this catalogue deserve much praise for their frank admission of this fact.

The Scott company could correct the inconsistency by broadening its policy and listing the other stamps issued by private companies under contract. But this is also inconvenient and will not be done.—Latin American Unit, American Philatelic Society.

# POSTAGE STAMP PARADE

**JOSEPH J. GOLDBERG, Editor** 3516 N. Pine Grove Chicago 13, Illinois

**BELGIUM**—Railway. Four "Chemins de Fer" or railway stamps have been noted. The 50c., blue-green, pictures an engineer looking down the tracks from his engine cab, while the 5Fr., brown, and 8Fr., orange, show a man repairing a stretch of track. Finally, the 30Fr., purple, depicts a baggage man at a freight terminal handling a crate.

—General Stamp Co.

**BRAZIL**—Commemoratives. A set of 2 stamps was released in April marking the Esperanto Congress held in Rio de Janeiro. The 40c light green (postage) has a female figure holding the star of Esperanto. The CR1.20 brown (air mail) shows the founder of the Esperanto language.

—N. Y. Sun

**CHILE**—Air Mail. The 20c air mail has been released in chocolate on unwatermarked paper.

**COLOMBIA**—Tax. Two surtax stamps for construction are 1/4c Blue and 1/2c carmine printed in miniature size and showing the Post Office.

**GERMANY**—Semi-postal. A 12 plus 8pf deep carmine was issued in 1945 in honor of the VOLKSTRUM (Peoples Army) inscribed "A people rises."

**GERMANY**—Semi-Postal. In 1944 to commemorate the 1200th anniversary of Fulda a 12 plus 38

brown was issued showing a statue.

**GERMANY**—Semi-postal. To commemorate the 7th Annual Rifle match held at Innsbruck, a set of 2 stamps was issued in

1944. 6 plus 4 green and 12 plus 8 carmine. Both stamps show new and old soldiers and their guns.

# No Additional News On Roosevelt Memorial Stamps Yet Available

Altho there has been some rumormongering that the 2c stamp for the Roosevelt Memorial series may be replaced by that of another value, due to the fact that we have practically no need for a 2c postage stamp, no announcement of this change has been made up to the time we go to press with this issue. There is plenty of time however and we do look for a change as has been rumored.

In event of a change in this value, all dealers in First Day Covers will be obliged to notify their subscribers in some manner and ask for an additional remittance to cover the change in value.

Some complaint has been voiced in some newspapers regarding the abbreviation of the name of our country on the one and two cent stamps. It is pointed out that "UNITED STATES" should be printed in full as on the three cent stamp design.

Our own feelings about this matter agree with this proposal and it is probable that such a change may be made.

While we have already expressed the opinion that the advance pictures are very pleasing as a whole, we can not refrain from remarking that we do not like the firm set of the jaw as shown on the proposed stamps and feel that a picture showing our late president with one of his well known and familiar smiles would have been far more desirable.

**SWAP** For each 1000 foreign stamps off paper or 1/2 lb. any foreign on paper, we will give 1 lb. U.S. un-picked mixture. You pay postage both ways on this deal. **ILLINOIS STAMP CO.** 853 1/2 Agatite St., Chicago 40, Illinois.

# OLD SACKS OF MAIL ARE FOUND IN PHILIPPINES

Ch. Pharmacist J. W. Lawrence of San Diego sends a clipping from the Los Angeles Examiner which tells of find of five buried sacks of mail by American doughboys, near Davao, in the Philippines. This is 1942 mail and since its recovery, it has been dispatched, much of it addressed to America.

We just wonder if any of this mail will turn up in Philatelic channels, you might watch for it. It should prove to be fine war mail for any collector and should bear some interesting Postal Markings.
